

Still Standing

Death Before Dishonor

They breed the kids
To value what they say
Fuel a desire
For a different day
A fire burning up the truth inside
(Canrt consume me)
A hollow man living an empty life
(That wonrt be me)
No not me I wonrt be weak
Rip apart the thickest skin
Irl1 stand until the end
Irl1 fall, Irl1 rise - hold on until I die
I see beyond the simple plan
Irl1 rise and be a better man
Therers no retreat - I canrt be beat
Reject the lies
You can talk but I will not buy
Sever the lies
I always knew
The things they promised me
Would just be used
To keep me on a leash
They numb your mind
Until they sell your soul
No not me I wonrt be weak
Rip apart the thickest skin
Irl1 stand until the end
Irl1 fall, Irl1 rise - hold on until I die
I see beyond the simple plan
Irl1 rise and be a better man
Therers no retreat - I canrt be beat
Transparent world - Irve seen it fall
Into the cracks - crumble the walls
And now I canrt be
CANrT BE BEAT
