

## Take Me Away

### Death Before Dishonor

I've toppled over  
and I'm tumbling down  
I've hit the floor so hard  
I broke the ground  
my hands are shaking  
and my heads a mess  
I can't stop  
the pounding in my chest  
reaching, bleeding, helpless  
needing something to save me □ kill me  
take me away  
is there a light at the end  
or is it just more pain?  
it seems so far away  
is every step in vain?  
reaching, bleeding, helpless  
needing, something to save me □ kill me  
TAKE ME AWAY  
I always said I wanted more  
I guess you get what you ask for  
(get it)
