

## Codes and Keys

Death Cab for Cutie

We won't get far  
Flying in circles inside a jar  
Because the air we breathe  
Is thinning with the words that we speak

That we speak  
You and me  
That we speak  
You and me

You're on the floor  
Fearful of what's outside your door  
But the codes and keys  
They can protect you  
From the pangs of jealousy

When you scream  
Love you see  
Like a child  
Throwing stones at the sky  
When they fall back to earth  
As minor chords of major works  
Separate rooms of single life  
We are one  
We are alive

We are alive

We are alive

We are alive

We are alive
