

Unobstructed Views

Death Cab for Cutie

There's no eye in the sky
Just our love
No unobstructed view
No perfect truths
Just our love
Just our love
And there's no verse
No monument of words
For our love
For they can't hold
All I know
About my love, about my love

Storm clouds break
Pools remain memories for
Earth and rain
Evaporate to up above
They become
New love
New love

There's no eye in the sky
Just our love, just our love
No unobstructed views
No perfect truths
Just our love, just our love
