## Wait

## **Death Cab for Cutie**

Every town has a diner where I'll meet you, and your friends too. Things are just a bit nicer over some coffee; you can tell me all about your day. I don't know much about you, not that i want to, not that i want to. Sometimes I can't escape from my room so excuse me, I'll be just a little late.

You will wait for me, you will wait for me

Every town has a corner, where I'll see you and your friends too; hanging out looking cool, saying the same things over and over (again). Sometimes we all feel stupid, we say the wrong things; you're not the only one. Sometimes we all get left behind in a race of style, it's a dumb thing. you will wait for me you will wait for me you will wait for me
