

# **We Don't Sleep at Night**

**Death from Above 1979**

Sell all your shit  
Get on a plane  
And you can fly away

Every time that you are asked to talk  
All that you've got to say is  
My love is right it tells me what to do  
Take my advice and sell all your shit too

My love is right it tells me what to do  
Take my advice and sell all your shit too  
My love is right it tells me what to do  
Take my advice and sell all your shit too

We don't sleep at night  
We don't sleep at all

We don't sleep at night  
We don't sleep at night

Sell all your shit  
Get on a plane  
And you can fly away

My love is right it tells me what to do  
Take my advice and sell all your shit too

My love is right it tells me what to do  
Take my advice and sell all your shit too
