

# Lil Boy

## Death Grips

Burn through it burn through it  
I'm not takin turns to it turns to it  
You know we burn through it burn through it  
We aint takin turns to turns to it

Coughin up sirens I'm firin  
Krocadil lips off your smile  
Quit that fidget looks suspicious  
Who dat screw dat aint got my digits

Fear over pride lil boy  
Flood you can't hide lil boy  
Face of a woman lil boy  
Tears of a child lil boy

I'm rising sign of sulfur  
Skeletal bell toller  
Handle in each of my tentacles  
I'm moonshining juice don't try me  
Live to feel life beat me nothing hurts  
I'm seething your smoke signals proceed me  
I'm inside my tv  
Where everyone but I can see me  
Why are you here

Fear over pride lil boy  
Flood you can't hide lil boy  
Face of a woman lil boy  
Tears of a child lil boy

Burn through it burn through it  
I'm not takin turns to it turns to it  
You know we burn through it burn through it  
We aint takin turns to it turns to it

You know we burn through it burn through it  
I'm not takin turns to it turns to it

See myself come spin through top of you  
My flint lit slit that attitude  
Lil brain got confused  
Choo choo train of thought in my logic loop

Fear over pride lil boy  
Flood you can't hide lil boy  
Face of a woman lil boy  
Tears of a child ll boy

Broken hands on all my fingers  
Buckle down my knuckles like screamers  
Stitch up my blown out trench with leather streamers  
I keepem hangin from my balcony shrivel in my sun  
Warm piss showin through his cheap slacks this bitch is done  
Open my front ragin like I've never slept  
Make him cry like a baby formula on the breath  
Needle of your eye lil boy  
River nile wide lil boy

Fear over pride lil boy  
Flood you can't hide lil boy  
Face of a woman lil boy  
Tears of a child lil boy  
In a foreign land lil boy  
Single file lil boy  
You know we burn through it burn through it  
We aint takin turns to it turns to it
