

## Born Again

Death in June

Stranger, I'll wait for you  
Beneath the archway to never  
Let's cease our  
Constant wailings  
For our prayers fall  
On deaf ears  
Her white skin  
Shines through darkness  
Taut with pleasure  
Taut with pain  
And her keeper  
Always laughing, always laughing  
And, I'll wait forever  
For only you  
The disappeared ones  
And, the pain will last forever  
For only you  
That's how the dream goes on  
Born again  
He says  
We'll be born again  
But, into rats and hell  
For a dollar death  
But, that can't happen here!  
No, no not again  
No, no not again  
And, later we'll be talking  
Oh, you wonder why you die?  
My head is filled with  
Fallen statues  
Slaughtered children  
Fill our eyes  
And, the skull is always laughing  
Always laughing, always laughing  
And I'll wait for ever  
For only you  
The disappeared ones  
And the pain will  
Last forever  
For only you  
The price of freedom  
Born again  
He says  
That we'll be born again  
Into rats and hell  
For a dollar death  
For your twisted mind  
And, it will happen here  
No, no not again  
No, no not again
