

## The Enemy Within

Death in June

These are strange days for you, me, and Germany  
These are strange days we find ourselves in  
These are strange days for you, me, and Germany  
But, we have Honour, and with that we (we'll) win!  
I had a fight with 3 piggies  
Your enemy seems to be within  
These are strange days for you, me, and Germany  
But, we struggle, and together we'll win!

These are strange days for you, me, and Germany  
The storm clouds are gathered and gray  
These are strange days for you, me, and Germany  
So we find ourselves here today.

Snakes and devils surround us  
Friends are few and rare indeed  
Pig upon pig-dog will hound us  
But, we get stronger as they inbreed.
