

Crash down

DEATHGAZE

I've been stumbling through the dark
In search for that special life
Why did we trash reality and dream ?

God just forgot to save me
It seems I lost my true faith
Why did we trash for the sing a life ?

Why we are born ?
Why we will die ?
What meaning is there ?
Let me know

Let my life just waste away
And something's getting in the way
Why did we trash amazing on edge ?

How you can go on knowing
That we nearly found a way
Why did we trash for the sing an all ?

Crash down
Yeh yeh yeh
Crush out
The hidden voice
Fear it
The hidden meaning
Wise up
But, there is not the meaning
Because nothing is true
