

Dead blaze

DEATHGAZE

You will glowing under the light
But i've seen only black clouds
There is all then out of this
And all my answer die

Just don't forget me in sky
Cuz i still living in the hell
When your mind didn't want to break
Your rusty mind again

You just breaking in the world
And i will gazing other side
Inside is where mind dwells
It get down from the end

I can feel that dead break
And i'll be back to another me
I tore myself
I know this hate is not gone
All shit

No hear?
Don't you know just who i am?
Call me
What the fuck you from me
It's real?
You wish for love and peace
I will all vanish life

FATE OF DEAD BLAZE
hikari no nai sekai de kogoeta karada wo
munashiku mau anata ni togashite

mou ichido dake ALL HOPE IS BURNED IN FLAME

I CAN'T TO SAY GOODBYE

NO HEAR?
DON'T YOU KNOW JUST WHO I AM?
CALL ME
WHAT THE FUCK YOU FROM ME
IT'S REAL?
YOU WISH FOR LOVE AND PEACE
I WILL ALL VANISH LIFE

FATE OF DEAD BLAZE
hikari no nai sekai de kogoeta karada wo
munashiku mau anata ni DEAD OR ALIVE
FATE OF DEAD BLAZE
hametsu wo matsu sekai de tozashita kokoro wo
hageshiku chiru anata ni kasanete

mata kieteiku inochi wa yousha naku
mou ichido dake ALL HOPE IS BURNED IN FLAME
