

Fuck me

DEATHGAZE

Doesn't anyone want to give it a go ?
I hope finish me off
(Does) anyone feel like giving me a hand ?
Please fuck me

The light is nowhere in sight,
bring nowhere
Lose the meaning in one's life,
get ready to fuck

Just fuck me, yes fuck me, I wish fuck me, to me
You just fuck me, I wish fuck me, to me,
my dear fucker, I wish fuck me

Do you feel ? Can you feel ? This ache

Once this heart was filled with love and dream,
but now there's nothing anymore.
I'm waiting for the end in my dream,
but it will just perish...
