

God bless you

DEATHGAZE

I'll sing god bless you
And I'd sing god break you

Burning link to me
Feeling maybe ready, the baby
Burning link to me
Just believing me, ready baby glad

Hear me screaming for you loving
Let's share this way of living
Take my hand and follow, baby
Tell me where your voice

I am going crazy
But after tomorrow
We are shining bright

All that who remains
Can be drawn
In bright all this time
Together we all
