

## Quench

DEATHGAZE

No way, your deep hate  
It's quench doubt voice  
No way, your deep hate  
Get away, god bless no stars

Break me, sad grey  
There is my god to carry me  
Nowhere, my sick  
But in this world, you need me  
(Forlorn skies)  
Nothing to live for  
(Forlorn lights)  
Nothing to die for

Tsumetai kuchibiru nazoru you ni kawashita uso  
Oto ga togiretemo hibiki dake wa omoku itaku nokotte  
Tsumetai kuchibiru nazoru you ni kawashita uso  
Oto ga togiretemo hikibi dake wa omoku itai

Tsumetai kotoba de mitashite  
Kawaita kokoro wo iyashite
