

Quench

DEATHGAZE

No way, your deep hate
It's quench doubt voice
No way, your deep hate
Get away, god bless no stars

Break me, sad grey
There is my god to carry me
Nowhere, my sick
But in this world, you need me
(Forlorn skies)
Nothing to live for
(Forlorn lights)
Nothing to die for

Tsumetai kuchibiru nazoru you ni kawashita uso
Oto ga togiretemo hikibi dake wa omoku itai
