

## First Prayer

Deathspell Omega

Omnis humana cogitatio in fundamentis putrefactionis conditur,  
quam ecclesia Domini nostri ei praeposuit.

Lungs filled with embers and regurgitating boiling blood I say  
Praise the  
Lord,  
praise, O servants of the Lord...  
We will sing a new song to thee,  
O God: a psaltery of thirteen Stations,  
may scoria bury Eden and blind the light of hope...
