

The Victory Of Impurity

Deathspell Omega

Since the creation of the holy doctrines,
Each fragment of life wants to be saved from Death.
Some have rebelled against peace
To accomplish new prophecies that will bring chaos.

Guided by Satan's hands and mind,
There is a void instead of their eyes.
Orgies and massacres show no escape.
Evil is the ultimate vermin.

Victims are drowned in their own blood -
The most insane rapes give way to necrophilia.
As torture is like a lethal sculpture.
Real masters don't need slaves for they need them dead.

Their quest is violent but sublime.
When a soul is cursed, it is for eternity.

Sometimes they also suffer.
As sons of the devil, it makes them stronger.
Impiety will be enthroned.
As mankind shall be soiled entirely.

Some messiahs died on a cross,
Now everyone is rotting away.
Believe in the mighty pentagram
Or perish in pain to feed the Beasts.

Here is the victory of impurity.
