

Torture and Death

Deathspell Omega

I am the Evil in every form
The demon you abandon yourself to.
Hungry for a hatred without equal
I am the one who brings the pain for the end
I am your suicide

I am the rope that strangles you
I am the razor slashing your wrists
I am the bullet going through your head
I am the poison in your blood

I am the wicked in every man,
Delighted every at every morbid death
For many years my name has been Decease
I am the dictator, the tormentor you die for
I am the executioner

I am the hammer and the nails
I am the gas that you breathe
I am the fire consuming the flesh
I am the axe that beheads

No one will survive me
Humanity is doomed under my reign
The last breath of eternity
Resistance is vain

The child beater, the women raper,
I'm the one that orders and command you
The one that curses and destroys you
For the final goal of Evil
I am your master

I am the very quintessence of Evil
The Supreme Evil in the name of Devil
I am you suicide, executioner
I am your master...Satanas!
