

# Man In Blood

## Debauchery

Violence is my fucked religion  
My best friend is the butcher of bitches  
Some call me blood god and the beast  
There will be battle - a real bloodfeast  
I am a rape - killer - a crazy of the blood  
A demon baby - born to fuckin' rock  
Clothing of human skin - taken from your kin  
An evil from beyond - Hell spawn without bond

Yeah i'm a lone ranger - i walk alone  
I am a bloodbeast - my soul finds no peace  
I need pain - I'm violence sustained  
We are the blood-man-gang- killing gives me strengt

What are we spawned for - we are spawned to kill  
What are we here for - we are here to kill  
What do we live for - we live to kill  
What are we born for - we are born to kill

Hey Hey yeah - I am the man in blood

Kill Kill - we are the men in blood
