

Mincing Machine

Debauchery

Let me tell a story
Of my last mutilation journey
Let me tell about my life
And my dead and horny wife
It was in summer 1999
In a factory of mine
My girl was hot and wanted to suck
Hey how'd you like to fuck a mincing machine?

The hooks and blades were working hard
Ripped her open and totally apart
The cunt was left a sickening mess
The tits cut off and maimed no less
In the end the bitch was really fucked
In the intestines and the butt
The rest's gone to the rats
Also pretty face and fucked up head
