

## The Last Crusade

Debauchery

( The alliance of dragons and Christians conquering Jerusalem )

War - into the killing zone - we are crusaders

Marching on  
'Til the war is won  
We are ruthless  
Killing the faithless  
Burning their temples  
Monuments to false gods  
Burning in black flames  
Conquering Jerusalem

We are fighting in a war of faith  
We are marchin' on the last crusade

War - into the killing zone - we are crusaders

Stampede  
Over holy ground  
We succeed  
Honour-bound  
Knights of a new age  
Knights of the blood-rage  
Burning the deceivers

Killing the unbelievers
