

## True To The Skull Throne (And Bound To Kill)

Debauchery

Suicide, genocide, holocaust, mass murder  
Revelling in total slaughter  
Die some frenzied tortured death  
Uttering your final breath  
It's the thrill to kill at will  
Hell bent on dismemberment  
Limbless torso - carcass rotten  
Thousands of dead forgotten

Cutting, gutting, shooting, killing  
Our cause of existence  
Spinning the mighty battle axe  
Trough collar bone and neck  
Insanity and butchery  
Mutilation just for free  
Hunting for meat and flesh  
Stare into the face of death
