Debauchery

Bringing fucking pain
Bringing fucking blood
An axe in the guts
Thousands of victims left to rot
Killers out of the cage
Killing frenzy - Rage
Impending doom, massive battle
Listen to the sound of metal

Hacked and fucking chopped
And hacked fucking apart
Some girls ravaged and raped
There's no mercy and no retreat
Brutal release of killing
Unleash a hideous bloodspilling
Screaming bloody path
Savage brutal wrath that's
