

## Warmachines At War

Debauchery

A 1000 tons of steel  
Driven by iron wheels  
They will make you kneel  
Bristling with cannons  
Rending with talons  
Killing the morons  
Death metal murder  
Killing machine of war and pain

We are  
Warmachines at war

Titans of war  
Blessed by the whore  
We yell and roar  
Opponents in battle  
Slaughtered like cattle  
With weapons of metal  
Death metal murder  
Killing machine of war and pain

We are  
Warmachines at war
