

## Worship The Violence

### Debauchery

I see you on your way home - Walking  
I'm right behind you - Stalking  
I take my knife out of my bag  
Then stick it right into your neck

I hit you bad you're still alive  
No problem, I rape you as you cry  
You are a fucking virgin slut  
I can smell it in your blood

I climax in your fucking face  
That is my reward of the race  
Now is the time to cut you up  
That's your reward for being a slut

She was a blond bitch looking good  
Now there's not much left to rot  
I'm a fucking virgin violator  
A small cunt terminator
