

# Zombie Blitzkrieg

Debauchery

Warhead's coming to kill  
Atomics fire at will  
Undead legions strike  
Marching to the fight

A billion strong, striking fast  
You are wrong, mankind won't last

The enemy surrounded  
Zombies eating the wounded  
Your fucking mother goes crazy  
Fucked, bitten and infected

A billion strong, striking fast  
You are wrong, mankind won't last
