

You Take Me There

Debbi

When I look at my life
and the seasons that change
The one thing that stayed
...is you

Just the beat of my drum
and I know that you'll come
Through troubles
to carry me through

You take me there

You take me there

You take me there
to the place where
I can dream my dream

You take me there
to the places
I would never have been

I'd be nothing without you

When it comes to that time
When the curtain comes down
...on me
I know you'll still be near

And as the roses all fade
on the path that I made
And I can't see a way
that's clear

You take me there

You take me there

You take me there
to the place where
I can dream my dream

You take me there
to the places
I would never have been

I'd be nothing without you

When I thought I lost the fight
You gave me the strenght to carry on
In the dark you saw the light
and you make me strong

You take me there
to the place where
I can dream my dream

You take me there
to the places
I would never have been

I'd be nothing without you....
