

# Down That Road

Debbie Gibson

Oh

I've been down that road

Holding my ground and it kills me  
'Cause you're so cool to be around  
When you're around  
But I think you've lost you  
And I think of other lovers lost  
And the soul wrenching cost  
And I'd rather have you in my life, yeah  
Feeling down  
But empowered just the same  
High on the pain that I'm saying no to  
Don't wanna be another lesson learned  
Another stripe you've earned  
So goodbye

Sometimes the light just fades  
Yeah the ball of yarn that just runs out  
And you hold on for dear life  
Coming from a place of doubt  
Sometimes the light just fades  
Yeah the ball of yarn just runs out  
And you hold on for dear life  
Coming from a place of doubt

Well I've been down that road once or twice before  
Once or twice before  
I ain't going there again  
You can't take me there  
I won't follow you  
I will walk away  
While I still can call you a friend

Led me down the garden path  
Then who's left with the aftermath  
And it doesn't add up  
It's a mixed equation  
Was in for the long haul  
Yeah you were my all-in-all  
Guess I was your recreation

Sometimes you swim and swim  
Expecting to see something more  
And your whole soul gives out  
Before you reach the shore  
Sometimes you swim  
And you see nothing more  
And your whole soul gives out  
Before you reach the shore

Well  
I've been down that road once or twice before  
Once or twice before  
I ain't going down again  
You can't take me there  
I won't follow you

I won't follow you  
To some bitter bitter end

Whoh, woah, I've been down that road

Soothing music plays  
Used to think of our somedays  
When there was a someday  
But it came too soon  
Soothing music plays  
Used to think of our somedays  
When there was a someday  
But it came too soon  
Just as well

'Cause I've been down that road once or twice before  
Once or twice before  
I ain't going down again  
You can't take me there  
I won't follow you  
I won't follow you  
Oh no

I've been down that road, been down that road before  
Ain't going down again  
Oh no  
I ain't going there again  
I've been down that road, been down that road before  
Ain't going down again  
Um  
I've been down that road, been down that road before  
Ain't going down again  
Oh, you can't take me there  
I've been down that road, been down that road before  
Ain't going down again  
Whoa  
I've been down that road, been down that road before  
Ain't going down again
