

Dream

Debbie Gibson

I like to sing so I sing
Someday I'm gonna shine like the stars and
Yes, I can do it
I know I can do it
'Cause I can dream

My friend says when he grows up
He wants to find [fires?] that burn bright and
Yes, he can do it
I know he can do it
'Cause he can dream

When people tell you it's impossible
But you know it's not true
That's the time to show them what you can do
Through dreaming

I like to reach so I reach
Tonight I'm going to reach for the stars and
Yes, I can do it
I know I can do it
'Cause I can dream

Yes, I can do it
I'm gonna see to it
'Cause I can dream
