

For Better Or Worse

Debbie Gibson

You could walk behind me
Or you could hold my hand
You could know me fully
Or never understand
And you can drive me crazy
Like only you can
Life's blessing, life's curse,
For better or worse

You could leave me stranded
Or hold me with your eyes
Come home empty handed
Or with a brilliant surprise
And you could sing me love songs
Or just make me blue
Life's blessing, life's curse,
For better or worse
I'm with you

Sure there are plenty of fish in the sea
Flocks of birds on the rise
Baby, not for me
'Cause I live in paradise

And if harm's way found you
You know I'd be there
To wrap my love around you
To let you know I care

And when the angels came down
I'd say don't you dare
You know not what you do
May God take me first
For better or worse
I love you

May God take me first
For better or worse
I love you
