Give Me Your Love

Debbie Gibson

Baby why do you not love me Why do you not see me in the light that I see you in Don't you ever need me in the still of the night I've been there in your shoes feeling strong, feeling innocence Nothing short of a miracle could make it make sense Oh darling

I gave you the moon, the stars above You think you would give me your love Came in like the tide, rose up like the sun You think you would give me your love

I know all that's in your rulebook I took more than one look And I know you are the proud type But I hate game playing, yes I know how to win But it's not fair to me

You should move 'cause you're wanting to Not because I fly Can you only view your dreams when they're Up there in the sky

Oh, darlin...

I gave you the moon, the stars above You think you would give me your love Oh, darling, yes you would Came in like the tide, rose up like the sun You think you would give me your love

I gave you the moon, the stars above You think you would give me your love Come on, give it to me Came in like the tide, rose up like the sun You think you would give me your love oh, give me, give me, give me

The stars above You think you would give me your love Your love, your love, your love, your love, love Came in like the tide, rose up like the sun You think you would give me your love
