

Love Or Money

Debbie Gibson

You might be a small town boy but you're livin' large in my world

When you wrap your love around me, you know I'm your number one girl

Traveled across the sea but it didn't mean that much to me

You're the star that makes me shine no matter where my heart may be

Do you need to know anything more than this?

I wouldn't leave you for love

Wouldn't leave you for money

Wouldn't leave you for anything in this world honey

Wouldn't do it for diamonds

Wouldn't do it for gold

Baby next to your lovin', they just leave me cold

A millionaire from London tried to sweep me off my feet

A lear jet, a fancy car, but still you've got them beat

If Valentino courted me to marry him in Rome

It may be tempting, but you know I'd rather stay home with you

'Cause you're still the one who makes me feel like a queen

Would you do it for love? (Wouldn't do it for love!)

Would you do it for money? (Wouldn't do it for money!)

Would you do it for love? (Wouldn't do it for love!)

Or what?? (Nothin' in the world honey!)

I'll never let you go!

Do I need to know anything more than this!?!
