

# Taken By You

Debbie Gibson

You can do no wrong  
Baby all you have to do is  
be yourself from the  
It's here in the sun  
Can't you hear my  
My heart's going out to yours  
I feel you in my arms  
I touch your lips in my mind  
And in my dreams we're always together

I'm so taken, taken by you  
Oh baby touch me  
I'm shaken through and through  
And I'll never rest easy  
Til your heart is all mine  
They say that love is blind  
Baby forget all you've heard  
I'm not fakin', I'm so taken  
so taken by you

I'm all heart and soul  
I lose all my strength to you  
And all the words I heard about my fallin' too  
Do not [replan], my friend  
I can't help feeling all emotions  
'Cause right now my life depends on how you feel  
So please say you love me
