

# We Could Be Together

Debbie Gibson

If I were an only child  
I would be a lonely child  
But baby we've got nothing to lose  
I'm standing tall in my own shoes  
I'll take this chance  
I'll make this choice  
I'll right this wrong  
I'll raise my voice  
If it means  
We'll be together  
For a while

I have never had a doubt  
But for you I'll take time out  
I'll push his love far away from me  
And then I'll be completely free  
I'll give up my security  
For just the possibility  
That we could be together  
For a while

If you said "Jump!" I'd say "How high?"  
If you said "Run!" I'd run and fly  
Just for the chance  
Just for the moment  
Should the moment pass up by  
And if you ask once I'll tell you twice  
I'll ignore the world's advice  
If we could be together  
For a while

I am taken by your strength  
I've thought about it at great length  
I thought that I was happy now  
But there are things that I found out  
Happiness means greater things  
I'll sit here 'til that telephone rings  
Then we could be together  
For a while

Wait'll I tell my guy  
Wait'll I tell my other friends  
They'll all think I'm crazy-  
And ya know what?  
That depends  
'Cause I'm crazy in love  
With you  
And everyone's best won't do  
They'll say my hopes  
Will not come true  
But I'm taking the chance  
Because you only live once-  
(Only live once, only live once)  
And

There are no guarantees  
But if it means

There's even a possibility  
Then I'll give up whatever it takes  
I know I've made some mistakes before  
It may be just another closed door  
But we could be together  
For a while
