

You Don't Have To See

Debbie Gibson

Spare me advise for a change
Just let me go my own way
I am the one in this thing
I know you're looking out
Checking me for last minute doubt
He makes me happy
When will you take my word

You don't have to want this to work
It's my life and a love deserved
Tearing him down, yeah it's a sin
But you don't have to see
What I see in him

There is respect all around
Miracles in what we found
Surely you can understand
And when I come home to him
It just confirms again and again
That I don't have to explain
But to say that he's my man

And you don't have to want this to work
It's my life, it's a love deserved
Tearing him down, yeah it's a sin
But you don't have to see
What I see in him

Yes it would please me
If you'd make it easy
And open up your mind

But you don't have to want this to work
It's my life and a love deserved
Tearing him down, yeah it's a sin
But you don't have to see
What I see in him

You don't have to see
What I see in him

But you don't have to see
What I see in him
