

The Best Year Of My Life

Debby Ryan

Running side by side
Hiding from the rain
Sharing all our fears
On the A-Train

No destination
It's just you
And me

Central Park after dark
Never looked so bright
No room for wrong
Cause I found my Mr. Right
Couldn't ask for anything better

It was the best year,
It was the best year
Had my heart right from the start
And your still my favorite part
Of the best year
Cause you were right here

Everyday, and night
Knowing that you were mine
Was the best year of my life
Best year of my life
