

Those Texas Guys

Debby Ryan

A cowboy hottie put a rope around my heart
Everything was awesome at the start
Then he kissed a bleach blonde waitress
And I saw through his disguise
Oh I've had enough to here with these texas guys

So now I'm here in NYC
Gotta find a guy who's only in me
The lonestar state in great
But I said
My goodbyes

Oh I've had it up with those texas guys
Oh I've had it up with those texas guys
