

# My Radio

Deborah Cox

Somebody, somebody's been telling me  
That you've been doing me wrong now  
What's going on between me and you now baby  
Somebody, somebody keeps telling me to check up on my lover  
Don't care to hear it but what bothers me is

They all really know about us  
How you keep on doing me wrong  
And then singing that same old song  
And you don't really know about love  
Said I've heard it all before  
And I don't wanna hear no more, you're just like-

My radio you keep playing that same old song  
It goes on and on  
Every time you come my way  
My radio you keep playing that same old song  
And it won't be long before I'm on my way

Everybody, everybody keeps telling me  
That you're no good for loving  
And there's no way to believe in you  
Because you keep on showing me  
That what they say is true now  
And what am I supposed to do when

They all really know about us  
How you keep on doing me wrong  
And then singing that same old song  
And you don't really know about love  
Said I've heard it all before  
And I don't wanna hear no more, you're just like-

There's nothing you can say to me  
When I don't know what to believe  
I'd rather be without your love  
Than listen to it anymore
