

# Oh My Gosh!

Deborah Cox

Boy, you really blow my mind  
(Oh my gosh)  
I'm just lookin' at you like  
(Oh my gosh)  
You really got the vibe I like  
(Oh my gosh)  
The way you comin' at me like  
(Oh my gosh)

So what you tryin' to do tonight  
(Oh my gosh)  
I'll just roll with you tonight  
(Oh my gosh)  
'Cause the way you talkin' to me  
'Bout the way you wanna move me  
And the way you puttin' to me is like  
(Oh my gosh)

The way that you came up into the spot  
Caught my eyes right from the beginning  
And before you even said two words to me  
I knew that with you I'd be winnin'

I never been around somebody like you before  
And no that ain't no lie  
Let me get my coat and we can hit the door  
And you can take me for a ride

Boy, you really blow my mind  
(Oh my gosh)  
I'm just lookin' at you like  
(Oh my gosh)  
You really got the vibe I like  
(Oh my gosh)  
The way you comin' at me like  
(Oh my gosh)

So what you tryin' to do tonight  
(Oh my gosh)  
I'll just roll with you tonight  
(Oh my gosh)  
'Cause the way you talkin' to me  
'Bout the way you wanna move me  
And the way you puttin' to me is like  
(Oh my gosh)

Now I don't usually fall head over heels  
For a cat that I just met  
But you talk like a baller that bigger than life  
So I figured I'd take a chance  
(You make me wanna)

Ride with you, slide with you  
Drive with you on the freeway so take it easy  
We can rock it all night long  
As long as you wanna stay with me baby

Boy, you really blow my mind  
(Oh my gosh)  
I'm just lookin' at you like  
(Oh my gosh)  
You really got the vibe I like  
(Oh my gosh)  
The way you comin' at me like  
(Oh my gosh)

So what you tryin' to do tonight  
(Oh my gosh)  
I'll just roll with you tonight  
(Oh my gosh)  
'Cause the way you talkin' to me  
'Bout the way you wanna move me  
And the way you puttin' to me is like  
(Oh my gosh)

(It's all right; it's just midnight)  
So don't you worry 'bout the time, just get into it, into it  
(Whatever ya like, is whatever I like)  
So don't you stop it, don't you stop what you doin'
