

# The Morning After

Deborah Cox

Hush, don't say a word  
'Cause I already know what you're thinkin', yeah  
Things just got more complicated but we can't fake it  
This is real, so let's just go with it

We became more than just friends  
Where do we go from here?  
After the mornin', after I let you in  
What's the next move to make the mornin' after

Hush, don't say a word  
I can't even explain what I'm feelin', feelin', lyin' next to you  
Ooh, feels so good don't let the words ruin the moment  
Please don't say nothin'

I know you might feel guilty babe  
Don't let the mind do the speakin' just let the heart do the leadin'  
'Cause we gave each other what we both wanted  
Look what we've started

We became more than just friends  
Where do we go from here?  
After the mornin', after I let you in  
What's the next move to make the mornin' after

Ooh, baby I can't help but see it  
You gave me what I needed  
There's no way that I can deny  
That I love you so

The longer while I'm with you  
The more I see that I need you  
Let's take what we have and make it last  
Forevermore

We became more than just friends  
Where do we go from here?  
After the mornin', after I let you in  
What's the next move to make the mornin' after

We became more than just friends  
Where do we go from here?  
After the mornin', after I let you in  
What's the next move to make the mornin' after

We became more than just friends  
Where do we go from here?  
After the mornin', after I let you in  
What's the next move to make the mornin' after

Where do we go? Yeah
