

# Till The Day We Meet Again

Galbraith, Declan

Well here we are, just time for one more song,  
Before another show is thru  
It's too bad the curtain has to fall, It's been a  
perfect night with you

So dance and let the music play, until we meet another  
day.

Chorus:

So don't say goodbye, there is no need to cry  
The love we share will never end  
Because you and me, we'll have this memory  
One we can turn to now and then  
Till the day we meet again

So raise your hands and sing along with me  
I dedicate these words to you  
It feels as though I've known you all my life, yet this  
magic is so new

So please remember when I say, good friends are never  
far away

Chorus.

No looking back with regret, cos tonight, I've found  
here with you Something I'll never forget, won't forget

Chorus.

Sha-la-la-la, sha-la-la-la, Sha-la-la-la.....Till  
the day we meet again.
