

Till The Day We Meet Again

Galbraith, Declan

Well here we are, just time for one more song,
Before another show is thru
It's too bad the curtain has to fall, It's been a
perfect night with you

So dance and let the music play, until we meet another
day.

Chorus:

So don't say goodbye, there is no need to cry
The love we share will never end
Because you and me, we'll have this memory
One we can turn to now and then
Till the day we meet again

So raise your hands and sing along with me
I dedicate these words to you
It feels as though I've known you all my life, yet this
magic is so new

So please remember when I say, good friends are never
far away

Chorus.

No looking back with regret, cos tonight, I've found
here with you Something I'll never forget, won't forget

Chorus.

Sha-la-la-la, sha-la-la-la, Sha-la-la-la.....Till
the day we meet again.
