

Call My Name

Dee Snider

You get nothin' from nothin' but that's nothin' for me
It takes trial by fire if you want to walk free
You know I gotta be someone, the whole world wants to know
Everyday I get stronger, so let's get on with the show

Call my name (4X)

Now it may take a lifetime, it might even take ten
Maybe nobody knows me, they all will in the end
And I will be remembered long, long after I'm gone
All you need is a memory, my name will carry on

Call my name
Call my name, come on
Call my name
Call my

And I don't know what did this to me
Why I've got this need to hear my name
All I know is what I want to be
So say it again, say it again

I gotta be someone, the whole world wants to know
Everyday I get stronger, so let's get on with the show

Call my name
Call my name
Call my name, come on
Call my name
