

Our Voice Will Be Heard

Dee Snider

One, two

One, two

One, two

We are the people, we are the one

We've got the numbers, we'll have the fun

Raise your fist in the air, show them all that you dare

And they'll know, yes they'll know

Our voice will be heard

Get motivated, choose your own road

You're filled with wonder, a power load

There's a world to be had, take the good, leave the bad

If they doubt, we'll scream and shout

Our voice will be heard

One, two

One, two

Our voice will be heard

One, two
