

Higher

Deep Blue Something

Surprise
I've had it up to here
surprise surprise it's in my eyes
I've had it up to here
well you're cynical and critical and
I think I've had enough
surprise surprise it's in my eyes
I've had it up to here

with your emotional whim
(our time is wasted on us)
on your emotional whim you
take me higher

well I sympathize
I've had it up to here
will all their lies I sympathize
I've had it up to here
well you're logical and predictable
and I don't think you got the guts
surprise surprise it's in my eyes
I've had it up to here
