

Put your money where your mouth is baby

Deep Insight

Put your money where your mouth is, baby

Ricochet from my heart
You missed it by an inch but it left a scar
Now leave me alone
Broke the vow, gun powder
I can't take it, I won't take it
I could never let you go

Put your money where your mouth is, baby
A lot of talk with no result
You ain't nothing but a dreamer
And you're gonna die alone
Under the microscope it's a little harder to breath
You ain't nothing but a dreamer
And you're gonna die alone

Camouflage to vault my heart
Touched by a bullet you've gone too far
Now leave me a lone
Gallows call, you wouldn't play your part
You can't take it, you won't take it
You could never let me go

Put your money where your mouth is, baby
A lot of talk with no result
You ain't nothing but a dreamer
And you're gonna die alone
Under the microscope it's a little harder to breath
You ain't nothing but a dreamer
And you're gonna die alone

You're gonna die, baby
You're gonna die alone
I'm nothing but a wreck of me
Delusional and loosing sleep
I'm nothing but a wreck of me
Stuck without a melody

Put your money where your mouth is, baby
A lot of talk with no result
You ain't nothing but a dreamer
And you're gonna die alone
Under the microscope it's a little harder to breath
You ain't nothing but a dreamer

Stuck without a melody
