

## A Touch Away

Deep Purple

Mother nature's been good to me  
That's why I'm sittin in this cherry tree  
But it's alright, it's alright  
It's not so bad  
I'm just a touch away

The shady lady  
from shady lane  
is lying in my bed again  
and it's alright  
it feels good  
It's not so bad  
When she's just a touch away

Nothing much  
is all I ask  
and it's alright, ok yes  
Light as a feather, oh yes

Like a rosebud  
when the sun is high  
She opens up  
before my eyes  
and the light falls  
on her wet skin  
It's alright  
I'm just a touch away

Nothing much  
is all I know  
and it's alright, oh yes  
Light as a feather,  
and just a touch away

Put a finger to her lips again  
She cries with pleasure  
cries wih pain  
and it's alright  
It feels good  
It's not so bad  
We're just a touch away

Nothing much  
is all I know  
Not too fast  
Not too slow  
and it's alright  
Soft as a feather  
and just a touch away
