

# Bad Attitude

Deep Purple

Take a look at  
These dirty hands  
Take a look at this face these blazing eyes  
Do you see me as a broken man  
Tell me  
Are you really that blind

You got yourself a load of trouble now  
You got yourself a bad deal  
You say i've got a bad attitude  
How d'you think i feel

You got me locked in a paper cage  
You think i'm chained up but i'm just tied down  
Step aside get out of my way  
I won't hurt you i had enough being pushed around

You got yourself a load of trouble now  
You got yourself a bad deal  
You say i've got a bad attitude  
How d'you think i feel

Don't want a number  
I got a name  
Take a look at my face  
Talk about a bad attitude  
Things have got to change
