

Mandrake Root

Deep Purple

I've got a Mandrake Root
It's some thunder in my brain
I feed it to my babe
She thunders just the same
Food of love sets her flame
Ah, stick it up

I've got the Mandrake Root
Baby's just the same
She still feels a quiver
She's still got the flame
She slows down, slows right down
I've got the power
