

## Maybe I'm A Leo

Deep Purple

Peeping round the door I got a big surprise  
Couldn't see a thing but open skies  
They've taken her away where is she now  
Wish that she was here wish she'd hold my hand  
Maybe she could laugh maybe understand  
Why was I so cruel where is she now  
Acting like a fool had to make her cry  
Maybe I'm a Leo but I ain't a lion  
I'm hurting oh so bad, I want her now
